

Ukrainian dance club celebrates 10 years

Elk Point Ukrainian Dance Club celebrated their tenth anniversary Saturday with a capacity crowd on hand for the fabulous pyrohy supper, mini-concert and dance.

Six families who have been with the Club since its formation were honored for their dedication and contributions through the years. Ed and Ruth Vogel, Steve and Genevieve Shmyr, John and Joyce Oryshchuk, Diane Wolanuk, John and Gladys Drobot and Adolph and Lesia Porcina, along with their children who presently dance with the Club, were presented with commemorative certificates and 10th Anniversary glasses by Mistress of Ceremonies Nellie Hillebrand. Bernice Poleschuk, who has been on the executive throughout the Club's existence, fellow long-term executive members Peggy Smereka and Mary Derwynka, auditor and woodcrafter Walter Saranchuk, and the Elk Point Elementary School, which has provided practice space and photocopying, were similarly honored.

The Club was formed in September of 1979, with Joanne Ternovoy and George Orlecki as the first instructors. Eight of the original 49 dancers are still with the Club: Lori and Sheldon Porcina, Tracy Oryshchuk, Elena Drobot, Lynda Shmyr, Joanne Wolanuk, Jodi and Dwayne Vogel. A large number of former dancers were in attendance at the celebration and were saluted with a hearty round of applause.

The present instructors are Debbie Kachmar and Ken Ry-lance.

MLA John Drobot brought congratulations from the Provincial Government to the Club, and paid special honor to the contributions of the mothers who have done a vast amount of often unrecognized work for the Club. Drobot recalled the sight of 3000 Ukrainian dancers together in one immense dance at Festival '88 as 'one of the most moving scenes...a great tribute to the Ukrainian culture.'

Upcoming activities for the Dance Club include dancing at the Westlock Associated Canadian Travelers Mini Telerama this coming weekend and an appearance on the ACT Telerama on January 29, when they will present pledges gathered from businesses, groups and individuals in Elk Point, to the ACT on behalf of the donors.

Saturday's Mini-Concert showed off the skills learned over the years, beginning with a colorful Pryvit and moving through a program of traditional dances involving all the dancers, from tiny beginners to the well-practiced seniors, to the obvious delight of the audience.

HIGH FLYING DANCERS—in the colorful costumes of the Hutzul region of the Ukraine perform at the 10th Anniversary celebration of the Elk Point Ukrainian Dance Club. Special features of this traditional dance are the

handmade leather slippers and the carefully crafted ornate vests which were made by the Dance Club mothers. Many years of practice and vast amounts of energy go into the performance of these dances.

Snow removal still occupants' job

In spite of last fall's purchase of a sidewalk-sized snowblower by the Town of Elk Point, the onus is still on the owners or occupants of any premises in Elk Point to remove snow from sidewalks as soon as possible after a snowfall.

The Town has added sidewalk cleaning to its priority list, after streets and lanes, but it could take several days, in the case of a major snowfall, to get to the sidewalks. Therefore, the existing bylaw, which requires the occupants of a building to clean the sidewalks, is still in force. The snow blower will be used to clean sidewalks along Town-owned property, and would eventually get to all the sidewalks in town, but it is feared that snow could become so packed down by that time that the blower could not dislodge it. It is estimated to require one and a half days to clear all the sidewalks in town with the blower.

A sidewalk snow removal policy passed by Council Monday evening also stated that the Town will not accept any liability or claims for personal or property damages which may be alleged to have arisen from the operation

of the equipment in the provision of snow removal service.

Also on a winter note, Council set a policy for front street garbage collection when environmental conditions such as a heavy snowfall, drifted snow or spring breakup dictate, for such time as is necessary to restore the lanes to a condition permitting heavy vehicle access. When and where the front collection is necessary, residents will receive door-to-door notification.

A proposed increase in the monthly charge for non-residential use of the modified

sanitary landfill site for those who have opted not to use the services of the garbage collection franchise holder was defeated by Council, who decided that the main concern with those who haul their own refuse is the problem with litter along the roads leading to the landfill site, and that a \$5 per month increase will not cure this in any way.

Large equipment parked where it obstructs the vision of motorists entering an intersection is also causing a problem in Elk Point. The business in question will be asked to remedy the situation.

Sanitary sewer services thought to be restricted by tree roots will be cleaned in the near future, with thought given to a permanent solution, such as removal of the Town-owned tree, if this is found to be the cause of the problem.

Council voted to support a petition now being circulated regarding the base paving of Secondary Highway 646 from Highway 41 to Secondary Highway 881, with a letter to be sent to the MLA.

Mayor Bruce Kleeberger will represent the Town at a Northern Alberta Development Council

public forum scheduled for February 21 at Fishing Lake, and

Shankowski rink to Zone 7

Elk Point will once again be represented at the Northern Alberta District Curling playdowns, following a Zone 7 playoff win by the Chris Shankowski rink.

Along with third Gail Hurtubise, who has accompanied Mrs. Shankowski to the District Playdowns several times in the past, the rink includes two new members this year; Terry Hebblethwaite and Monique Penz. For these ladies, especially, it will be an exciting experience to represent Elk Point and Zone 7 in the playdowns.

The District Playdowns are scheduled for January 21 to 23 in Redwater.

The best wishes of the community to these fine curlers in the playdowns!

Farm mishap claims life

A 26 year old Elk Point district man is dead following a mishap in a farm building. John Bodnar was welding in a Lindbergh area quonset on Saturday, January 14 when he was apparently overcome by carbon monoxide poisoning. Funeral services will be held tomorrow at 10:30 a.m. at Elk Point United Church.

Council news

(Cont. from Front Page)

will present a brief on the Town's behalf.

Council has received a follow-up report on the Municipal Corporate Review of December 5, which suggested looking at reducing the Town's long-term debt load of \$1600 per capita to a figure closer to the provincial average of \$1200 per capita, this being the only problem noted in an otherwise glowing report.

Several members of Council will meet tonight with the Honorable Ken Kowalski, Minister re-

sponsible for the Community Facility Enhancement Program, to discuss a funding application made by the Town for engineering costs of a feasibility study for a recreation facility in Elk Point. The Town has been asked for further information on the project, such as the terms of reference for the study and proposals from engineering firms for the study.

A request from the Kidney Foundation of Canada to hold a fund raising campaign in Elk Point during March was approved.

Pioneer Circle prepares plaque for fund donors

By Irene Magnusson

The first meeting of the year for Board members of the Pioneer Circle opened at two p.m. Tuesday, January 10, with a good turnout.

Vice-Chairman Bill Seniuk, in Mike Palinka's absence, asked for minutes of the December meeting. Secretary Grace Barwick obliged, followed by a Financial report by Erika Bender. Rent of hall for Federal Election has

been received; the Christmas Party went well, with all members agreed a good time was had by all. Eighty-three tickets were sold.

The lock for the hall has been changed, fewer persons will have access to unauthorized entry. Doris Capjack is in charge of opening the hall at a given time each day.

It was noted that the Ukrainian Dancers wished to use the hall, as the

school is under repairs, where they normally rehearse. Some discussion followed regarding the charges to be made for this, leaving it open until consulting with the Dancers. It was uncertain if the group is children only, or a mix.

Paul Stepa then reported on the Plaque, and showed the handsome wooden wall-hanging, which will have all names of those contributing \$100 or more to the Building Fund engraved and placed on the Plaque. No report was available from the Building Committee, as their meeting was cancelled.

The Annual Meeting, in April, will be moved to a one-week later date, the 3rd Monday, April 17th, as Treasurer Erika Bender will be away.

Curling organizers were upset, that some members do not show up for the games, and do not bother to let the others know. Confusion then sets in. Mrs. Buck suggested anyone wanting Shuffleboard or Cribbage Tournaments should let it be known. Morris Cooper has looked after this in other years. He was not present. Some Floor Curling has taken place, with a few trips to outside areas.

Elks revenge loss

Elk Point Elks revenged their 7-3 loss to the Goodfish Flames Tuesday with an 8-3 win over the same team on their return visit to Elk Point Sunday, with a moderately good crowd on hand.

Both goalies were in fine form as Sunday's game got underway, keeping would-be scorers at bay until late in the period, when the Elks slipped two past the Goodfish netminder. Murray Cochrane scored the first goal of the game after 13:12 minutes of play, off assists by Troy Lorenson and Alain Leclerc, and went on to assist, with Lorenson's help, Terry Wozniak's goal with 2:07 left on the clock.

The Elks widened the margin to a four goal lead early in the second period, with Alain Leclerc scoring the first goal of a hat trick off assists by Lorenson and Delwin Slem, and Murray Cochrane assisted by Jeff Buck and Murray Scoggins.

Goodfish scored their first goal of the game just over 13 minutes into the second period, with Marshall Halfe assisted by Dave McDonald and Bobby Houle, and scored again an exact minute later, this time off the stick of Kevin Halfe, assisted by Leon Cardinal and Brian Halfe.

Troy Lorenson's breakaway off the faceoff by Murray Cochrane was tipped in by Alain Leclerc just seconds later to give the Elks a 5-2 lead, which Goodfish trimmed to 5-3 with a goal by former Elk Gary Youngchief, assisted by Brian Halfe and Bobby Houle. A fourth Goodfish goal was disallowed as it slipped into the net just as the buzzer sounded to end the period, with another attempt midway through the last period having a similar fate, due to a penalty whistle.

The Elks hit their target three more times in the final period, with Terry Wozniak scoring his second of the afternoon, assisted by Keith Campbell and Willie Lesyk, Alain Leclerc's hat trick goal assisted by Lorenson, and a final goal by Allan Loughran, assisted by Campbell and Lesyk.

The Elks take on the league-leading Bonnyville Pontiacs this Friday evening at 8:30 p.m. Make sure to come out and see the Centennial League's top two teams in action.

Weedless Wednesday Editorial

Do you notice anything different about the air today? Does it smell a tad fresher, look a little clearer, perhaps? If so, it's because some members of the smoking minority have taken to heart the message presented by the Alberta Lung Association this past week: BUTT IT OUT!

All week, Albertans have been bombarded by the media to "Break Free" of the tobacco habit, and with any luck at all, some may have made a successful effort in that direction.

This year, special attention has been paid to the effect of smoking on our young people, with the Canadian Council on Smoking and Health issuing a national theme "Children and Tobacco." As it was with generations past, smoking is still considered as a way to be socially accepted, and our children are

getting hooked on the habit.

The fact that selling tobacco to persons under 16 is illegal has no more effect on the number of kids lighting up than it ever had. Nor do the statistics on the harmful effects of smoking have any bearing on most smokers, young or old — they just keep on puffing.

What may help, in addition to the numerous bylaws making it illegal to smoke in various places, is peer pressure. If smokers are ostracized long enough, they may give it up before they have no friends left. On the other hand, they may not.

Just for today, Weedless Wednesday, though, maybe they could make an all out effort to try life in a smoke-free environment — so the rest of us could enjoy it too.

More than minor hockey

Minor hockey is more than just a way to get the kids out of the house on Saturday mornings, to enlarge their horizons beyond the TV screen, to get them to take part in healthful physical activity. Any parent whose children are or have been involved in the sport will tell you that.

Like many other activities designed for our youth, Minor Hockey is a learning process. Participants learn how to interact with other youths, to be a good sport when you lose, to be a goodwill ambassador for their community, and to develop skills which will last them a lifetime.

Very few are bound for the NHL, although there is a potential superstar in many of our youngsters, but hockey doesn't necessarily end with the approach of adulthood. Look at the fine products of Elk Point Minor Hockey who competed in last Saturday's game between two Junior B teams in Elk Point. Several members of the Elk

Point Elks Centennial League team can also be found on those old pictures of Minor Hockey teams which line the lobby of A. G. Ross Arena. Still others enjoy playing on the commercial teams, all the way to the 'old boys' league.

Hockey is fun, whether you're 5 or 55. At least, it should be free from the pressures of having to win at all costs, free from fear of being massacred by an opposing player, free from being bawled out by Dad for having missed a goal. These freedoms might make it more fun at age 25, 35, 45 or 55, than at ages 5 or 15. And that's a shame. These kids should be out there having a good time, rather than worrying about performance. It's much easier to do well at something when you are applauded for what you do right, rather than berated for what you are doing wrong.

Let's keep that in mind as we cheer those kids on this Minor Hockey Week of 1989. Parents need to be good sports too.

Alberta Trails

Take a guess

By Irene Magnusson

With this January cold setting in a bit more crisply, we often try ways of passing the time which we wouldn't dream of doing in milder days, when there are so many outdoors things to amuse ourselves at. (Even to shovelling the walks!)

I'm a reader. Oh, I don't mean, I read the papers, my letters and a book or two a year. No, reading is almost a career for me. I have gone on 'reading binges' where I read one book to its end, pick up another with my other hand as I'm laying the first one down, and continue, with a few minutes out for the essentials of life — grabbing a sandwich, answering the phone, feeding the birds — then back to the pages. I love words, and the story, how it turns out, sometimes just the beauty of word-arrangement by the author holds me enthralled. After about five or six books, I have had my fill, for a time, I am replete.

These books don't have to be novels, or thrillers, or epics, I can read history, or 'facts', or occasionally, dictionaries, of which I have a number.

There is the dictionary which translates French-to-English, English-to-French; the Vest Pocket Latin-English dictionary, the fat little Scribner-Bantam paperback, the two huge, heavy Britannica World Language Funk & Wagnalls, my handbook, "Words Most Often misspelled" - Word Finder, Thesaurus, etc., etc. I can lose myself in their maze for hours, entranced by the multitude of words our culture has produced, the nuances of meanings so delicate, at times, all the multi-uses of prefixes and suffixes, the origins of words. Oh, it's a fascinating subject. I have much to learn.

I am hoping some of you, my faithful readers, share this love of words, and will have a go at this little stumper I have plotted here. Don't worry about what your score is, just try 'em, have a guess, and have fun! (Hint: if you get more than ten right, you're a smarter man than I am, Gungha Din!) Be prepared to check

your answers in your thickest dictionary.

Drumheller Valley history

Dear Sir:

We would like to inform your readers of the publication of a history book documenting the "boom and bust" of the coal mining industry in the Drumheller Valley. In addition to over 2,000 photos of families, mines, towns and school classrooms, "The Valley of the Dinosaurs - Its Families and Coal Mines" contains over 1,000 pages of family stories and information regarding the Drumheller Valley. The areas covered by the book include East Coulee, Millarfield, Lehigh, Arcadia, Willow Creek, Cambria, Rosedale, Aerial, Wayne, Drumheller, Newcastle, Nacmire and Midland.

We are attempting to contact all former residents of the valley, or their families, and advise them of the existence and availability of this book.

"The Valley of the Dinosaurs - Its Families and Coal Mines" was compiled and edited by Ernie Hlady, a former resident of the valley. It was published by the East Coulee Community Association, and is available by contacting the Community Association at Box 545, East Coulee, Alberta, T0J 1B0, or phoning 822-3786 or 822-3750.

I hope you have at least read through my proffered word-stumpers, and perhaps stretched your brain muscles on a few of them. Dictionaries are fascinating tools, containing (almost) everything we could ever wish to say. I say "almost" because, as you know, we are continually coining new words, new phrases, and slowly these are being added to the pages of our dictionaries, available for future use. I even expect to see my own word "GARP" (n) - (Material found under lawn mowers after cutting wet grass) in some dictionary, some time.

What's new at the library

The Annual Meeting of the Elk Point Public Library will be held on January 24, at 7:30 p.m. in the library. If you would like to hear how the library has progressed in the past year, you are cordially invited to attend.

The library storytime for preschoolers, had a puppet show called "How Many Ways Can You Cut A Pie." The characters in the puppet show were: the squirrel, who made an acorn pie for a pie contest, the mouse and frog who wanted to eat it and the pig who did. The library invites all parents with preschoolers to attend our storytime at 10:30 every Friday morning. This gives both adults and children an opportunity to visit with each other.

Four new music cassettes in the library are: "Whiplash Smile" by Billy Idol, "Diesel and Dust" by Midnight Oil, "Gold & Platinum Volume Four" by Gold & Platinum, and "Non

Stop" by Julio Iglesias.

NEW BOOKS

"Moon Walk" by Michael Jackson is an intimate account of his personal and public life. He recalls a childhood that was both harsh and joyful but always formidable. The Moon Walk Video has recently been released.

"Underground Worlds" by Donald Dale Jackson is one of a series that examines the workings of the planet Earth, from the geological wonders of its continents to the marvels of the ocean depths. It is beautifully illustrated.

We have a delightful new series of books published by the Child's World Inc. The first book is called "Love" by Jane Moncure and illustrates dif-

ferent ways of demonstrating love for other people. The second book is called "Hugging" by Annetta Dellinger and it describes hugging as a way of saying "I love you", "I forgive you", "I need you" and other expressions of emotion.

We also have two new books by Dr. Seuss and they are "Scrambled Eggs Super" and "Sleep Book."

Minor Hockey week January 15 - 21/89

It's Minor Hockey Week in Elk Point—from the Junior B game on January 14 which showed some of our finest former Minor Hockey players in action, to this coming Saturday's jam-packed schedule of Minor Hockey games. All our Minor Hockey teams will be active this week, and we hope the community will come out and enjoy their games, and support our young stars with their applause.

To celebrate Minor Hockey Week this year we, as the Executive, would like to congratulate all the Elk Point Hockey players on a job well done. Keep up the good work boys.

We would also like to recognize the Coaches and Sponsors of our Elk Point teams. They are:

Age 16-17yrs. - MIDGETS - Elk Point Windsor Midgets; Coached by Glen Harms; Sponsored by Windsor Salt.

There are a lot more people who do volunteer work behind the scenes: assistant coaches, team managers, equipment managers, minor hockey executive, board of directors and all the parents who help out in so many ways.

Then of course, the Minor Hockey Executive would like to recognize Don and Sandra Woytkiw for all the extras they do for us.

Thank-you to all. Let's all make this year's Minor Hockey Week one to remember.

Canadiens defeat Camrose

By Verhomme Thompson

Staff Writer

The St. Paul Junior B Canadiens took on Camrose last Saturday night in Elk Point and ran up a 9-2 lead before scrambling and hanging on, to win the game 10-7.

A couple of things happened in the game which can be called both unusual and par for the course. The unusual aspect is the Canadiens hit double digits on the score sheet for the first time this season. The other part, which was par for the course, is they suffered a defensive letdown in the third period.

Over the course of the first two periods they had staked themselves to five (6-1) and seven (9-2) goal leads. But in the third period Camrose came on strong and the Canadian defence, more or less, fell asleep and were outscored 5-1.

But, again, one has to look on the bright side of things and remember two points is better than no points, and the Canadiens do have a modest two-game winning streak going.

At first it appeared the Canadiens were in for a long night when Camrose drew first blood 27 seconds into the game while on the powerplay. Starting goaltender Duane Wolanuk couldn't be faulted as the puck was deflected past him by one of his own players.

Still, the tide was reversed a mere 21 seconds later as Dean Smyl not-

ched the equalizer. And from there the Canadiens went on to score five more unanswered goals before the period expired.

Norm Gervais and Lindsay Jenner quickly upped the Canadiens margin to 3-1 before Don Peziuk scored a beautiful goal, low to the stick-hand side, after a dazzling end to end rush.

From there Craig 'the rock' Brodziak, Greg Desaulniers, and Smyl (his second) rounded out the scoring in the first period.

While the Canadiens still carried the edge in play in the second period, their efforts to run up the score were a little stymied as they 'only' managed to get three more in this frame. They came off the sticks of Robert McCool, Brent Krawchuk and Norm Gervais (his second of the game). Camrose, meanwhile managed to slip another past Wolanuk. And again the 'iceman' didn't have too much of a chance on the deflected goal.

Still, the Canadiens carried a seven-goal edge going into the third and it appeared as though they were ready to skate through the final frame with a win easily in hand.

However, two things happened: the Canadiens shifted into low gear (defensively speaking) and the Camrose squad decided a blow-out was not going to happen and accordingly shifted into high.

They started the third period with a bang and racked up two goals in 35

seconds.

Meanwhile, the Canadiens got one goal from Greg Desaulniers. He stole the puck at Camrose's blueline and waltzed in for an easy marker.

Besides their shoddy defensive work in the third period, the Canadiens suffered a serious blow when Norm Gervais went down with a possible separated shoulder after a collision with the boards.

That injury further depleted the Canadian line-up as other key players are out with various injuries.

As for redefining 'no support for the goaltender', Canadian coach Pierre de Moissac had a few comments concerning the Canadian effort.

"We can't go out and play for the guys, they were told what to do and get ready for the Vermilion game which is on (yesterday) Tuesday. They were told to stay home and they did it again. They were up seven goals and there you go...the whole defence."

With the addition of slick-skating Greg Desaulniers to the line-up, the Canadian power play has become more effective, adding four of the 10 goals scored in the game.

Still, if the Canadiens expect to skate with the top teams in the league, they will have to learn hockey is a 60 minute game.

All they have to do is remember the 'D' word, which stands for defence.

Congratulations ...

Time out for energy savings

Save money on your electricity bill. Use a power timer. Set it to turn on your car's block heater or interior warmer three or four hours before you need the vehicle.

Another money-saving idea is using a Power Saver Cord, which operates only when the coolant in your block heater drops below a certain temperature.

If you plug in your vehicle without a timer, or if you operate

a block heater more than four hours, you waste both energy and money.

This winter, take the time to plug into energy savings.

Only you can use electricity wisely. Start now.

Public Library

Consumer corner

Shopping for a car? Maybe an RRSP, a house or an appliance? A good place to start your shopping trip is the Elk Point Public Library. That's where you'll find the recently added Consumer Corner.

The Consumer Corner is a special section of the library devoted to information about the marketplace - what's available and how to choose the best product or service for your money. You can find out about everything from retirement planning to buying a house or buying a toaster. Maybe you are interested in learning how to complain effectively, how to teach your children about advertising or how to take charge of your finances. The Consumer Corner holds a wealth of information.

Some of the materials you will find on our shelves include books such as *The Art of Complaining*, *Everyday Law: A Survival Guide for Canadians* and *The Essential Guide to Prescription Drugs*. If you're thinking about retirement, have a look at the *Canadian Guide to Personal Financial Management*. Perhaps you're preparing your tax return. Browse through *The Canadian Tax and Investment Guide*. You might be interested in making quality products at home. Cheaper and Better: *Homemade Alternatives to Store Bought Goods* is the book for you. The *Lemon-Aid Used Car Guide* is a valuable resource for car buyers.

Maybe you want specific product information about microwave ovens. Ask the librarian to show you how to use the special index in the Consumer Corner. It will list magazine articles that report the results of product tests. A product test report not only rates various makes and models, it also provides general buying guidelines. If the library doesn't subscribe to the magazine you want, the librarian may be able to borrow it from another library.

You can also look for the free publications prepared by Alberta Consumer and Corporate Affairs. There are over 30 tipsheets that cover many issues such as landlord and tenant rights, children's allowances and comparative shopping. If the library has run out of copies, call the nearest office of Alberta Consumer and Corporate Affairs or write Box 1616, Edmonton, Alberta T5J 2N9. They can send you a list of their free publications as well as copies of the publications.

Come in to the library and check out the Consumer Corner. If you aren't sure how to find what you want, talk to librarian, Doreen Mayner. She'll be glad to help. We're open from Monday and Thursday 2 p.m. - 5 p.m. and 7 p.m. - 9 p.m. Tuesday, Wednesday and Friday 10:00 a.m. - 5 p.m. and Saturday 2 p.m. - 5 p.m.

Help for new writers

Do you have a story to tell ... or a poem, piece of non-fiction, or the start of a novel? Here's your chance to get expert advice from an accomplished author.

From January 25 to June 15, Lakeland College writer-in-residence David A. Poulsen will be available for private consultation and manuscript discussion with new writers. The project is part of the college's 75th anniversary celebrations.

Writers can leave manuscripts at their local Lakeland College campus, or mail to the 75th Anniversary Office, Vermilion Campus, Vermilion, Alberta, T0B 4M0. After Poulsen has reviewed the writing, an appointment will be made for private consultation, to be held at Vermilion Campus. More information can also be obtained by calling the 75th Anniversary Office at (403) 853-8527.

Providing assistance to beginning writers is just one aspect of Poulsen's position as writer-in-residence. Through readings and workshops in libraries and schools across the college region, he'll also be introducing many young people to literary appreciation.

Another major focus for Poulsen during his tenure is the writing, directing and producing of a full length play, *The Glory Boys*, commissioned to inaugurate the college's new theatre at Vermilion Campus. Already completed, the drama takes a look at a forgotten part of Canadian

history: the Dieppe raid of World War Two. The play goes into rehearsal immediately and will premiere April 7.

Poulsen brings a varied and impressive background to the writer-in-residence position. Since 1984 he has divided his time between teaching communications at Lakeland College, travelling the rodeo circuit as one of Canada's top announcers and broadcasters, and pursuing his writing career.

Poulsen's first play, *The Wonderful Fools*, was produced when he was in his late teens. His interest in theatre then took him to Calgary, Toronto and New York as an actor before he changed directions and entered the public relations field.

In subsequent years Poulsen gained an honor's degree in French and teaching certification, and also launched a very successful freelance broadcasting career. He also continued to write, concentrating on fiction. His most successful works in recent years include *The Welcomin'*, a short story that won first prize in the 1984 Alberta short story competition, and a well-received novel, *The Cowboy Kid*, in 1987. He has since completed the second novel in what will be a trilogy aimed at adolescent readers. A few years ago Poulsen revived the drama club at Lakeland College, and was writer and director of *My Stars*, which played to delighted audiences at the 1987 dinner theatre.
